

Tools Menu

All Chart Drawing tools and Chart Drawing modification tools are on the **Tools** menu.

Refer to the [Chart Drawing Tools](#) documentation page for complete information about drawing tools and all of the commands found on this menu.

Any commands on the **Tools** menu which are not documented on the Chart Drawing Tools page are documented below.

More Tools >> Log Drawing Statistics (Tools menu)

This command when selected will add to the **Window >> Message Log**, the number of drawings of each category and the total drawing time for those in milliseconds. Below is an example for the user drawn chart drawings:

**(Symbol) #1 | User Drawn Chart Drawings Draw
Time in Milliseconds: 0. Count: 0**
